MCLENNANS DIVING SERVICE

ENVIRONMENTAL POLICY

Our Goals are:

1. To comply with all legislation and general accepted standards of behaviour
2. To develop a Project Environmental Management Plan before the commencement of a new Project
3. To Minimize environmental impact particularly on our waterways and marine life.
4. To contain the spread of contaminated water into the surrounding environment.
5. To anticipate Environmental Hazards and be prepared for emergencies
6. To minimize waste and recycle whenever possible
7. To minimize the use of scarce resources
8. To endeavour to operate in an ecological and sustainable way

Endorsed by the Directors
